

## **What is a Works Cited Page?**

**It is a listing of all the resources you used to create your assignments**

## **How do I create one?**

- 1. Open a WORD document**
- 2. Double space it by hitting Control 2**
- 3. Type the words Works Cited at the top center of the page**
- 4. Now let's go create the Citations**

## **Creating Citations:**

- 1. Click here:**  
[http://www.noodletools.com/noodlebib/citeone\\_s.php?style=MLA](http://www.noodletools.com/noodlebib/citeone_s.php?style=MLA)
- 2. go to the dropdown menu to select your citation type & press GO**
- 3. scroll down to select whatever source you are citing**
- 4. fill in all the blanks that you can, LEAVE blank if you don't know something**
- 5. keep clicking NEXT at the bottom of the page**
- 6. When your citation is complete it will show up in RED for you**
- 7. copy that citation in RED and paste it in the WORD document**

## **Am I done?**

- 1. Now looking at your list (of at least 3) citations, put them in alphabetical order**
  - a. According to the first letter in each new citation**
- 2. Print the Works Cited page and attach to your speech outline**
- 3. Copy and paste the citations into your Power Point presentation**
